

A BIG DAY'S WORK
BY THE SENATEDAY AND NIGHT SESSION HELD
YESTERDAY.

The Appropriation Bills Rushed Through—Motion to Pay Damages to Great Britain Rejected in the House—France Bars Out Onr Cattle.

Washington, Feb. 26.—The belated appropriation bills were before the senate yesterday with the prospect of work early and late in order to complete them. Mr. Cockrell, chairman of the appropriations committee, made a statement at the outset as to the condition of the measures and the need for night sessions and speedy work.

Mr. Gorman presented a partial agreement of the conference on the District of Columbia appropriation bill. It was confirmed on the items of agreement and a further conference ordered on the items still in question.

The sundry civil bill was taken up then. The appropriation of \$75,000 for a public building at Annapolis, Md., was struck out on motion of Mr. Gorman. Mr. Kyle (pop. S. D.) secured an amendment for a public building at Pierre, S. D.

Mr. Hansbrough (rep. N. D.) offered an amendment which was agreed to, including Bismarck, N. D., among those cities to have a public building.

Mr. Vest, chairman of the committee on public buildings and grounds, notified the senators of the far northwest that by "loading" these new amendments on the bill all of the appropriations for new buildings at Cheyenne, Boise City, Helena, Pierre, Olympia and Bismarck would fail.

The provisions in the amendment adopted for the new buildings are that sites shall be purchased in each city named at a cost not to exceed \$20,000 each for the public buildings. The appropriation of \$25,000 for the public building at South Omaha, Neb., already authorized by a special bill, was included as an amendment.

Pending discussion the vote on the joint resolution suspending certain operations through the free zone between the United States and Mexico was reconsidered and the resolution sent back to committee.

The sundry civil bill was then proceeded with expeditiously.

The night session of the senate was attended by about twenty senators, but as question of quorum was not raised work proceeded on the sundry civil appropriation bill. Committee amendments were agreed to appropriating \$5,000 to the widow or other heirs of each of the killed in the Ford's theater disaster. The amendment increasing the appropriation for surveying the public lands from \$175,000 to \$300,000 was temporarily passed. Mr. Dubois of Idaho giving notice of a further amendment making the appropriation \$400,000.

The amendment was agreed to appropriating \$125,000 for surveys of lands within the limits of railroad land grants and amending the law on the subject. Mr. Cockrell offered an amendment, which was agreed to, appropriating \$30,000 for completing the statue of Gen. William Tecumseh Sherman. An amendment was also agreed to, fixing the Shiloh National park commission at Pittsburg Landing, Tenn., and limiting the cost of lands to \$20,000.

The amendment transferring the Mackinac Island (Michigan) military reservation to the state of Michigan was agreed to, as was the amendment for the expenditure of \$40,000 by the Missouri river commission on the river at Sioux City.

WILL PAY NO DAMAGES.

Rejection by the House of the Plan to Pay England \$425,000.

Washington, Feb. 26.—The general deficiency bill—the last of the regular appropriation bills—passed the house yesterday. Almost the entire day was spent discussing the amendment to pay Great Britain \$425,000, the amount of damages agreed upon by Secretary Gresham and Sir Julian Pauncefote, to be due that country under the award of the Paris arbitration tribunal on account of the seizure of some twenty Canadian sealers by the United States previous to the modus vivendi of 1892.

The amendment was strongly attacked by Messrs Cannon of Illinois, Henderson of Iowa, and Hitt of Illinois, on the ground that the amount was unreasonably large; that some of the vessels were owned by citizens of the United States and \$375,000 was for constructive or speculative damages (the estimated catch). Only \$81,000, they contended, was due Great Britain. Breckinridge of Kentucky, McCrory of Kentucky, Hooker of Mississippi, and Dingley of Maine supported the amendment, maintaining that the government no matter how bad the bargain, must carry out the awards of the Paris tribunal in good faith. Mr. Dingley declared that it was preferable to pay Great Britain \$425,000 than leave the assessment of damages to an umpire appointed by a foreign power.

The amendment carried in committee, but was defeated in the house, 112 to 155.

Some excitement was caused by the attempt to strike out in the house the appropriation for an extra month's salary for the employees of the house and senate and the clerks of members, but it failed, and the amendment prevailed, 143-108. Motions to reconsider and recommit were voted down as promptly as offered until the opposition dwindled to a point where it could not get the yeas and nays. It then surrendered and the bill was passed.

France Puts Up the Bars.

Washington, Feb. 26.—Secretary Gresham has received from the United States charge at Paris a cablegram stating that the council has entered a decree prohibiting the importation into France. Cattle shipped before the 24th inst. will be permitted to enter under restrictions to be imposed by the minister of agriculture. Secretary Gresham has

furnished a copy of the cablegram to the department of agriculture and has given it publicity in view of the great importance of this action to the great American cattle interests.

Organizing a Free Silver Party.

Washington, Feb. 26.—It is understood the advocates of the free coinage of silver from different parts of the country, who have been in session in Washington for the last several days under the auspices of the Bimetallist League, have progressed so far with their labors as to feel fairly confident they will be able to organize a new party which will command the support of the silver men throughout the country. A platform has been agreed upon which plants the whole party on the plank of free silver, eliminating all the other demands of the Populist platform of 1892. Particulars are not obtainable.

WILL HAVE NO SUCH LAW.

Cleveland Says He'll Veto the Hawaiian Cable Measure if Passed.

Washington, Feb. 26.—President Cleveland's opposition to the Hawaiian cable project, for which the diplomatic appropriation bill carries \$500,000, is said to be unrelenting and he has informed members of both houses that he will veto the appropriation bill if it comes to him with the Hawaiian feature in it. The house would have agreed to the bill but for this information from Mr. Cleveland. Senators are insisting that, rather than expunge the cable appropriation they will see the whole bill fail. This is one of the most interesting complications of the closing days of the session, and one, it is said, upon which an extra session may hinge.

Judge Showalter Chosen.

Washington, Feb. 26.—John W. Showalter has been nominated for United States circuit judge for the northern district of Illinois. The nomination was a surprise. Congressman Springer's friends were predicting his nomination to the new judgeship this morning. Mr. Springer has been an active candidate from the start.

John W. Showalter is a well-known attorney with offices at 84 LaSalle street. He has been prominent in democratic politics for some years, in 1891 being a candidate for a judgeship and again in 1893, but he was defeated each time.

Tax on the Wabash Plan.

Washington, Feb. 26.—Treasury officials express surprise at the action of the Wabash railroad in purporting to circulate its mileage tickets as a limited currency, making it legal tender at certain hotels, theaters, clothing and furnishing stores along its line and redeemable in cash at regular ticket offices of the company.

"Such a currency," said a treasury official, "is clearly subject to the 10 per cent prohibitive tax, like state bank money."

Carlisle Has the Grip.

Washington, Feb. 26.—Secretary Carlisle is confined to his bed with the grip. It is not a very serious attack, however, and is expected to yield to rest and treatment in a few days.

NO QUORUM PRESENT.

Illinois House Reassembles with Thirteen Members Present.

Springfield, Ill., Feb. 26.—When the house convened yesterday but thirteen members were in their seats. Mr. Kent introduced a bill to prevent gambling in grain, beef, pork, and lard or provisions by corporations, brokers, or others. A number of bills were read a first time, including McLaughlin's bill making mine inspectors inspectors of weights and measures at coal mines. Wallace's bill to establish and maintain the Eastern Illinois State Normal school, and Berry's bill to authorize the judges of Supreme court to appoint private secretaries. All of these were referred to the committee on appropriations. The roll called disclosed the lack of a quorum and the house adjourned to 10 o'clock this morning.

The Civic Federation of Chicago will introduce a considerable number of bills this week for reforms in elections, the collection of revenue, etc. Among the measures which will be introduced are the corrupt practice bill, the revenue bill, the primary elections bill, a bill to enable voters to recover in civil suits, and two bills to amend the registry law and the Australian ballot law. The bills embody the changes in the present system of holding elections which the committee on legislation of the Civic Federation proposes to effect.

Honors to Douglass.

Washington, Feb. 26.—The remains of Frederick Douglass were conveyed yesterday morning to the Metropolitan African Episcopal church, where they lay in state until the funeral services in the afternoon. The funeral sermon was delivered by Rev. Dr. J. T. Jenifer of the Metropolitan church. The hearse was escorted to the depot by the colored letter carriers of the district, as well as by a large number of friends of the deceased and his family. The remains were put aboard the 7:10 train for Rochester, N. Y.

Rochester, N. Y., Feb. 26.—The final arrangements for the funeral of Frederick Douglass in this city have been made. The remains arrive this morning at 9:25 o'clock and will be escorted to the city hall. The remains will lie in state until 1:30 p. m. Lithographing Plant Destroyed.

Minneapolis, Minn., Feb. 26.—The Crown Lithographing company and the Housekeepers' Publishing company, which occupied the old Centenary Church on the corner of Fifth avenue south and Seventh street was destroyed by fire yesterday afternoon. It is supposed to have been caused by a crossing of electric wires. Three men were badly injured. The plant was the finest of its kind in the northwest and one of the best in America. The fire will cause a loss of nearly \$70,000 altogether.

GING MURDER CASE
IS MORE EXCITINGHARRY HAYWARD ACCUSES
HIS BROTHER.

Lays It All On Adry and He Stands the Ordeal Better Than at His First Appearance and Condenses His Explanations—His Cross Examination Not Yet Finished.

Minneapolis, Minn., Feb. 26.—Harry Hayward, the defendant in the murder trial, resumed the stand at the opening of court yesterday. He had evidently been cautioned by Mr. Erwin and showed a disposition to condense his testimony.

His narrative was resumed at the point where he returned to the Ozark after the theater and first heard the news that there had been an accident. He had difficulty in learning from Gossman, the liverman, who was telephoning about it to police headquarters, as to who was killed. He thought it was Miss Gine or Miss Ireland, and when finally he learned it was Miss Gine he became very much excited.

"I thought of all our relations," he said, "and how I had lent her money. I remembered that she had often asked me to lend her my revolver, and as I thought the matter over I became convinced that she had been murdered. I don't know what I said to the people there or at the police station. I'd rather you'd take their story for that, as it is probably true. But I was very much excited. I told the officers that she had on a blue dress skirt and not so black one because I knew it must be so. There are about sixty days in October and November. During those sixty days I had probably seen her ninety times and I am sure that out of the ninety times there were eighty-seven when she had on a blue skirt. That was why I spoke as I did."

Mr. Erwin then asked him to describe his experience in the "sweat-box," and, despite Mr. Nye's objections, he was allowed to do so. He said he went downtown the morning after the murder and was met by a detective, who asked him to go to the chief's office. He did so and was under a constant fire of questions all day. He would tell his questions a lot of things, they would go out and find them all true and a fresh squad of inquisitors would take their places.

Hayward described how he was taken to the morgue and shown the dead body with everybody watching him. He didn't know what he did, but said he felt bad and knew every one there thought him guilty. Thursday he and Adry were arrested and put in a cell. Adry seemed down in the mouth and Harry had said to him: "We're not guilty. What's the use of feeling this way?" But Adry was dispirited and finally Harry said: "Adry, what is this? You held her up once. Did you have anything to do with this?" Adry was silent and refused to talk any more. After that there was no further conversation between them.

This evidence brought in the story which Thursday had been ruled out by the court to the effect that Adry was the masked highwayman who last April had held up and robbed Harry, Miss Gine and Miss Vedder while they were out riding. The fact that the charge was thus brought before the jury will probably lead to a ventilation of the whole episode. Adry, it is understood, will go on the stand and deny the story with an alibi.

Mr. Erwin next read the incriminating evidence of Blixt to the defendant witness and drew from him explicit denials of the charges made by Blixt. The same course was followed with Adry's testimony and this took a good deal of time. Adry, his brother said, had threatened to kill his brother and his father, and had often stated he was so devoid of conscience he could kill his father easily and not be troubled about it afterward.

Mr. Nye, in cross-examination, asked all sorts of questions, evidently with a view to laying a foundation for impeachment of the witness' direct testimony.

D. M. Wilson, the horse dealer, about whom the defense made such a row when it was found he was out of town, has returned to the city and will go on the stand if wanted.

Will Charge Corruption.

Jefferson City, Mo., Feb. 26.—Unless Sedalla can control the house committee on permanent seat of government, the house will make an investigation of the charges that the passage of the capital removal resolution was secured through corrupt means. When the house met yesterday Buckner of Pike county presented a resolution that a committee be appointed to investigate the charges of corruption. The resolution was referred to the committee or permanent seat of government.

No Clew in Zollinger's Murder.

Newton, Iowa, Feb. 26.—J. R. Zollinger, the murdered merchant, for ten years filled the offices of deputy sheriff and sheriff, and as an officer was active in bringing wrong-doers to justice. There are many who believe some of these desperadoes are responsible for his death. There are some who think his death to be the result of an accidental fall. A jury was impaneled yesterday and an adjournment taken for a week.

THIEVES SHOT DOWN
BY THE OFFICERSDESPERATE BATTLE AT COUNCIL,
BLUFFS, IOWA.

Two of the Burglars Are Shot and the Deputy Sheriff Probably Fatally Wounded—Supposed to Be the Men Who Looted the Bank at Griswold, Iowa.

Council Bluffs, Iowa, Feb. 26.—Three men supposed to be burglars who looted the First National bank of Griswold, Iowa, Sunday night, fought a desperate running battle with deputy sheriffs on the streets of Council Bluffs yesterday. It began at the court house yard where the desperadoes, who had been passive captives, opened fire and made a break for freedom. In the conflict that followed one of the robbers and one of the deputy sheriffs were probably fatally wounded; another of the gang was captured unharmed, and a third supposed to be dangerously wounded, succeeded in getting away. The battle raged in many parts of the city, renewed at intervals as the robbers made a stand for an interchange of shots, and then resumed their flight. A stray bullet in one of the fusillades nearly killed a motorman on a passing car, and many other lives were in peril.

The three men came in the morning on the Rock Island, registered at a hotel, and were here all day. A fourth man was with them, but is unaccounted for as he did not register. They were located and arrested by Deputy Sheriffs Nick O'Brien and A. R. Hooker. When the arrest was made the officers conducted their prisoners toward the jail about a block distant.

As they turned into the court house yard, all three prisoners together drew revolvers and began firing. Both officers returned the fire and one robber, giving his name as W. J. Smith of Burlington, Iowa, was shot. The other two escaped and ran down Fifth avenue toward the river.

Hooker and others went in hot chase, firing as they ran. A mail van came along. Hooker mounted and was thus enabled to get quite close to the fleeing robbers. Finally the fugitives were cornered. Hooker's gun was empty and the driver of the van had no gun. The robbers thus got away again and separated, but opportunely Detective Weir of the city force came up, and after a hot chase overhauled one man and lodged him in jail. The third is still at large, but is supposed to be wounded and will probably be captured.

O'Brien was shot in the left side just above the hip. He is still unconscious. It is believed his wound will prove fatal. Smith, the wounded burglar, is likely to die.

A valise belonging to one of the robbers was found to contain the finest and most complete set of burglar tools ever seen in this section. There were also several sticks of dynamite.

At Griswold the burglars gained entrance by prying open a back window. The explosion followed. Over \$400 worth of stamps belonging to the postmaster and \$150 in money inside the vault are known to have been taken and probably other valuables. The wreck is so great it is an impossibility to tell what was stolen. The burglar proof safe inside the vault contained \$20,000 in cash, but this was not taken.

INDIANA LEGISLATORS.

Joint Caucus Reconsiders Action Pertaining to Governor's Power.

Indianapolis, Ind., Feb. 26.—At midnight last night the joint caucus of the legislature was still in session, but an important step had been taken. By a vote of 57 to 27 it was decided to reconsider the action of the two former caucuses, which had decided to take the appointing power from the hands of the governor and throw all the state benevolent institutions into the control of partisan boards. The announced determination on the part of Gov. Matthews to carry the question to the Supreme court should the majority decide to take from him the appointing power apparently caused this action.

DISCUSS EQUALITY.

National Council of Women Begins Its Second Week.

Washington, Feb. 26.—The second week of the triennial session of the National Council of Women opened yesterday with a prolonged discussion on the topic of equal pay for equal work. The discussion was led by Miss Harriet Shinn of Illinois, a delegate of the National Association of Women Stenographers. Miss Mary Desha of this city and a member of the committee on equal pay for equal work, argued on this line and discussed the proposition that public purity is based on individual morality. Frances W. Harper of Pennsylvania, a colored woman, characterized the present sentiment as to the true position of colored women as unjust and claimed that the avenues of usefulness open to them are too few. Miss Virginia Chanler Titcomb of New York City urged married women to keep individual bank accounts and to do everything tending to widen their sphere of usefulness.

In the open discussion that followed Miss Susan B. Anthony took the ground that women cannot expect equal pay for equal work until they have equal rights before the law and have the ballot.

The session closed with the contention of Miss Miller of Chicago that women have equal ability with men and that women in order to secure equal pay should act instead of announcing what they intend to do.

HOLD-UP IN THE SOUTH.

Westbound Overland Express No. 2 Stopped by Masked Men.

Tucson, Ariz., Feb. 26.—When the east bound overland No. 2 on the Southern Pacific reached Stein's pass last night shortly after 6 o'clock two masked men appeared on the station platform armed with six shooters. One of them got into the engine and covered the fireman and engineer with guns and told them to cut off the car next to the tender, and as soon as this was done the engineer was ordered to proceed. When they had gone about three miles they stopped the engine.

The bandits carried what appeared to be a sack full of dynamite. This they placed beside the road when the engine started, and they then discovered they had left the express car behind. The bandits indulged in considerable strong talk and then, mounting horses that were tied to a tree near by, they rode to the south.

The engine and car returned to the rest of the train. The passengers were badly scared. Men crawled under their seats and remained there until assured that the danger was over.

Three unimportant bills were passed to by the senate. No bills passed the assembly but thirty-three were considered and many killed. The bill against blacklisting was laid over. Brown and wife of Clear Lake, Iowa; David Smith, of Sioux City, Iowa; George Smith, of Cedar Falls, Iowa, and Hawley Smith of Chicago, all of whom were here during the sickness and death of their father, returned to their respective homes last week. The suit of H. C. Saunders vs. L. S. Borden was tried before Justice Clark Thursday. L. H. Towne of Edgerton, appeared for Borden, and John Cunningham of Janesville, for Saunders. The plaintiff secured a judgment, but owing to some informality, the case is likely to be tried again. Principal Summers, of Juda, spent Saturday with Milton friends. A female tooth puller did business here Monday and Tuesday. The sleighing has departed, and wheels take the place of runners until snow comes again. The Germania electric belt show did not do much business here, but they were a gentlemanly trio and gave an interesting entertainment. On Saturday evening the crayon sketch given to the prettiest lady in the audience was awarded to Mrs. W. S. Jones. The belt for the ugliest man went to Ben. Grooms, of the Telephone office, because the homely man hadn't nerve enough to walk up and get it. J. D. Clarke, of the University dairy school, spent Saturday and Sunday at home.

WHAT BABY WILL GET THAT \$500?

Much Interest Is Shown In the Contest That Begins March 1.

The Gazette's offer of five shares of Rock County Building Loan and Savings association stock, to the handsomest baby, is already exciting interest in the city, and well it might, for the prize means \$500 in cash at the maturity of the stock, which is in about nine years. A little nest egg that would not come amiss in any family. Who the fortunate baby will be, no one can tell but when the ballots are counted on the first day of June, the question will be fairly decided. The first ballot will appear on the first day of March, and in each succeeding issue of the Gazette for three months.

The contest promises to be a lively one. For full particulars concerning the manner of voting see announcement in another part of this issue. Send in the babies' names, and they will be entered as contestants, and a record kept of the ballots as they come in.

HARMON'S OLD BOSS REGAINS HIS TITLE

KEELEY GRADUATE HAS FALLEN FROM GRACE.

Man Who Used to Live Here Kept Straight For a Long Time and Was Put On Beloit's Police Force But Is Now Charged With Embezzlement.

After a prolonged fight with his old arch enemy, King Alcohol, Charles Harmon has fallen from Grace. For some time he has been on the night police at Beloit, but this morning he was taken from the Janesville jail to the Line City to answer to the charge of embezzling forty dollars from a man named Kerwin.

Harmon used to live here and was much addicted to drink. He was in the jail most of the time, either as a prisoner or a cook in the institution. Then he went to Beloit and began a new life. He took the Keeley cure and for a long time did well, but some time ago he fell and the mayor relieved him of his rank of special policeman. Since then he has been a private watchman, but not a policeman. Last week he went all to pieces, and during his spree he secured \$40, so it is alleged, from Edward Kerwin, who had started out to paint the town. When the ball was over Kerwin wanted his money, and Harmon hadn't it, so he had Harmon arrested on a charge of embezzlement. Harmon was brought up here and put in jail, but this morning he was taken back to appear in court.

COUNCIL DI NOT MEET.

There Was No Quorum Present and They Adjourned Until Tonight.

There was no meeting of the council as scheduled for last night. When the hour for meeting arrived Clerk Bates called the roll and Aldermen Rich and Winslow were the only members to answer the call. Clerk Bates called attention to the fact that the council, by resolution, had given notice that some action would be taken at this meeting concerning the adoption of the "uniform charter" law, and that that law provided that in case action was not taken according to notice published, no further action could be legally taken within one year. Should this provision cover the pending amendments now in the legislature, the clerk argued, this meeting ought not to go down, and suggested that in order to be safe that the minority adjourn to some stated time before the next regular meeting. Thereupon Alderman Rich moved to adjourn until 7:30 o'clock this evening, which motion prevailed, thus continuing the regular meeting under the council rules.

SEEN ON THE CITY STREETS.

The Henney buggies, phaetons and road cars have stood the test for years; and each year become better. They always take first premiums at the fairs, as was the case here last fall; and the beauty of them is they are much cheaper in price than any competition. We handle them. F. A. Taylor.

We sell clothing on its merits, and never make any representations we can't back. That clothing at 7 and 9 South River street, at 50 cents on the dollar, is better than several stocks of clothing in Janesville, which is trying to be sold at 100 cents on the dollar. Frank Baack.

F. A. TAYLOR, the implement dealer will handle the Henney buggies, carriages, phaetons, road carts, etc. this season, and will be able to beat any priced named in the country. A fine road cart for about \$18 or \$20.

ALL we ask of you is to look at all the other makes of buggies, then at the Henney. No words will be necessary for you to see the superiority of this fine vehicle. F. A. Taylor.

LAST week of our bankrupt sale of heavy clothing at 50 cents on the dollar. Monday we will turn our attention to spring goods. Frank Baack, 7 and 9 South River street.

DON'T forget the grand Concordia masquerade next Tuesday, February 26. The only masquerade of the season. Smith's orchestra of eight pieces will be in attendance.

THOSE who have used the Henney product of vehicles will have no other thousands will testify to this fact. F. A. Taylor.

Be sure you are in Lleyd's, 55 West Milwaukee street, this week. If you are not sure ask. Shoes 25 per cent less than cost.

MAPLE Wood \$5 a cord. Janesville Coal Company.

THE SHOW NETTED \$365 FOR CHARITY

AND THE SUM MAY EVEN EXCEED THAT AMOUNT.

Reports Are Not All In But Enough Have Been Submitted to Indicate the Profits—May Give It to the Associated Charities For Distribution.

The net receipts of the charity entertainment given by the Imperial Entertainers, will be between \$365 and \$375.

The ticket sellers had not all reported at noon, and a few bills had not been settled. However, the net receipts will not fall below \$365, and may reach the higher figure. It is now proposed to turn the money over to the Associated Charities; which many think would be the right thing for the committee to do.

The performance last night passed off very smoothly. It was shortened off somewhat, as Smith's orchestra had a contract to play for the Union Catholic League dance. The League had kindly released them until the performance was concluded and the managers of the benefit wished to do their share and let the musicians go as soon as possible. The Mandolin club were playing when the curtain went up and the chorus "I Found a Horseshoe" followed.

The opening chorus "All Hail Us Ye Free" was sung with excellent effect and after the end men had cracked their jokes George G. Paris sang "Out On The Deep. Mr. Paris' magnificent and perfectly controlled bass voice has often been heard in Janesville and his solo was very enjoyable. Harry Phillips sang "When They Straighten Out The Colored People's Hair" was well rendered and suited his tenor voice nicely. William Garbutt's fine tenor voice just seemed suited to Harris' "Pride of the Ball" and as an encore he sang one verse of his own composition "The Pride of Society." Charles Blay's song "I Won't Go Down to Riley's Any More" was sung with Mr. Blay's rich brogue created much merriment.

D. D. Bennett's excellent solo "Twenty Years a Sailor" closed the first part and Interlocutor Patrick introduced Messrs. Al Smith and Arnold Tift, the prize end men.

Al Smith's "Whistling Yellow Diah" was as amusing as ever, and his jokes and work with the tamborine were excellent. A severe cold interfered with C. N. Vankirk's fine tenor voice, but he sang "Mamma Sat Rocking" very acceptably. H. P. Robinson's bass solo, "My Love Is Like the Lily Fair," from the opera "Said Pasha," was very well rendered. "Dar's a Watermelon Spillin' Down at Johnson's," was Arnold Tift's song, and he sang it well. Mr. Tift's work was excellent, his jokes being clever and his dialect good, but the cutting of the performance in order to let the orchestra fill their engagement at the Catholic League hall, made it necessary for him to give up his two original poems.

The song and dance "Pretty Little Ruby" by Putnam, Pierce, Pressler, Horning, Phillips and Blay was well executed and the Imperial Mandolin club played their selections nicely. Will Cody's song and dance won much applause for him while Orson Eaton's clog was thoroughly appreciated. "What Do You Think of Hoolihan?" by Pierce, Pressler, Horning, Putnam and Blay preceded another selection by the mandolin club and the Imperial band's number closed the performance. W. A. Patrick did exceptionally well as interlocutor and the music by the band showed that the organization had improved greatly under Al. Kneff's instruction.

The Last Effort.

This week will end your opportunity to get those \$12 suits for \$6, \$4 and \$3 pants for \$2, 75 cent boys knee pants for 35 cents, 35 cent all wool long hose for 19 cents, 4 ply linen collars and cuffs for 10 cents. We have an immense line of spring clothing and will put it on the market next Monday morning. Frank Baack, 7 & 9 S. River.

Sleep On.

Tomorrow morning at sunrise we open a sale of tinware and housefurnishing goods such as never was known in the history of Southern Wisconsin. FACTS FOR OUR READERS.

Follow Nature and Keep Well, a Good Rule.

The Question Is Important, Are You Prepared for Spring?

If Not, Here Is Some Very Necessary Information for You.

Nature will soon begin her annual struggle for freedom from winter's icy imprisonment. Already beneath the frozen surface, giant forces are moving in that direction. Purification is going on.

It is the same with the human system. The lengthening days are approaching when the blood seeks to recover from its sluggish inactivity, and it bears in its course germs of health or disease, as it has stored up the one or the other. It requires therefore to be enriched with vitalizing and health giving qualities to give tone, vigor and health to the system.

For this needed and beneficial service nothing is so powerful as Dr. Greene's Nervura blood and nerve remedy. Like nature's own wondrous remedies in the physical world, which purify the mountains and streams as they leap from their confines to fill the valleys with new life, and cover orchard and field with flower and fruit, it brings new force and health to wasted tissue and enfeebled nerves.

Now is the time when your nature calls for help. Don't mistake; no other remedy equals Dr. Greene's Nervura blood and nerve remedy, as a spring medicine. No other remedy will so quickly and certainly strengthen your nerves, invigorate your blood, and correct the action of all your organs. It will make you well and strong as it has done thousands of persons; as it did Mrs. W. A. Cutler, of 59 Orchard St., Worcester, Mass.

"A year ago," she says, "I fell ill with nervous prostration and neuralgia, which affected my whole system. My digestion was also very poor. After eating I would be taken with a smothering sensation, while the palpitation of the heart was terrible.

"Severe nervous headaches made my life miserable in connection with these other troubles. I was in a fearful condition, and became greatly discouraged. I consulted physicians and treated with them, but with no benefit. Nothing I took did me any good.

"Finally as a last resource I commenced to use Dr. Greene's Nervura blood and nerve remedy, which had been wonderfully praised to me. With the first bottle I noticed an improvement, and persevering in its use, I continued to gain steadily in every respect.

"The neuralgia, headaches, palpitation of the heart, indigestion and all my complaints entirely left me. All this was accomplished by Dr. Greene's Nervura blood and nerve remedy.

"This wonderful medicine did for me what all the doctors and their medicines could not do. I wish to urge all sufferers to try it."

No power of words can describe the wonderful good which this remedy is doing among the sick and suffering. Those who take it are cured. Thousands of people, at the advent of spring while not exactly sick, are yet out of order or ailing in some way. They do not feel just right, are not well and strong, cannot eat or sleep well, are nervous, and have no strength or ambition for work or pleasure. Their stomachs, bowels, liver or kidneys are inactive and torpid. Such people need the best of all spring medicines Dr. Greene's Nervura nerve and blood remedy, to restore the natural action of these organs, give strength and vigor to the nerves, and new life and vitality to the blood.

Why lose time in trying uncertain and untried remedies, when here is a physician's prescription, a discovery made by the greatest living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. If you take this medicine you can consider yourself under Dr. Greene's direct professional care, and he can consult him or write to him about your case, freely and without charge. This is a guarantee that this medicine will cure, possessed by no other medicine in the world.

It will do you no harm and if we are telling the truth you can make money.

SAY THE MEN STOLE A KEG OF BITTERS

TWO EDGERTON CITIZENS ARE IN JAIL HERE.

Cask of Liquor Was Taken From a Saloon and They Say That "Bill" Stricker and "Doc" Kellar "Lifted" It and Had a High Old Time.

"Bill" Stricker and "Doc" Kellar were brought down from Edgerton by City Marshal Springer this morning and put in a dank dark cell at the jail.

Their appetites for bitters had caused their downfall and will probably be the means of their securing free railroad passage to Waupun.

Some time between 3 and 5 a. m. on last Wednesday someone entered Charles Frank's saloon and stole a keg of bitters valued at \$50. They gained an entrance by breaking the lock on the cellar door and after securing the cask they took it to Humphrey's livery stable where it was kept until Friday night. Then it was taken to Striker's house and kept until Saturday night.

City Marshal Springer was notified of the theft, and his investigation developed the course that the keg had taken since it left Frank's cellar so mysteriously, and resulted in his arresting Stricker and Kellar Saturday.

The two men had a glorious drunk on the contents of the keg, and it is said that they didn't draw a sober breath since the alleged theft until they were jailed. They celebrated Washington's birthday with unusual enthusiasm, but as the charge against them is a serious one, and as evidence is said to be strong, the scene of their future merry making may be a bit uncertain.

The Keystone of the Arch.
In the edifice of health is vigor, which means not merely muscular energy but an active discharge of the various functions of the body, such as digestion, secretion of the bile, the action of the bowels, the circulation of the blood. Nothing more actively and more effectively than the united performance of these functions than the powerful tonic and regulator, Hostetter's Stomach Bitters. The result of its use is a gain in strength, together with the agreeable consciousness that the system of life is being strengthened—that one is living up to a standard of vitality against the unavoidable draughts which old age makes upon the system. The following influence of this Bitters constitute a reliable safeguard against malaria, rheumatism and kidney trouble. Appetite and sleep improve through its use, and it protects the system from the effects of cold and damp.

WHAT JANESVILLE NEEDS.

"What does Janesville need?"
 That is a question often asked and easily answered.

Janesville needs many things.
 The first consideration for any city is good municipal government and a sound business policy.

The Gazette doesn't say that we have not had these necessary elements of success in the years gone by, but the time is coming when it will be necessary to provide them for the coming year. Spring election is at hand and a mayor is to be elected.

Janesville republicans cannot hang back and say:

"We will carry the town by storm this year, because every town has gone republican."

That kind of talk breeds defeat.

There are many voters in Janesville who think party is a secondary consideration in the administration of home government. They are for "the best man" regardless of his political faith. The vote in Janesville is a close one between the republicans and the democrats and these men of both parties who act on the impulse of their conscience, hold the balance of power. There is but one course for the republican party to take in Janesville this spring. That is to nominate "the best man." He should be a republican that no republican cannot conscientiously support and he should be a republican that all the independent voters will honor with their ballots. Then success, beyond any doubt, is over.

There are two classes of men from which this candidate must be chosen. One class is made up of the active politicians; the other is composed of men who take no aggressive stand in politics, but who are, nevertheless, well posted.

From which class shall Janesville republicans choose?

A man who is successful in his business demonstrates, by his success, that he has business ability. Successful business men are safe men to tie to. A safe man for an individual to put his trust in, is a safe man for a city to honor. The coming year bids fair to be one in which many matters of great importance will come before the mayor and common council. There are several things to be considered. One, for instance, will probably be the changing of ward boundaries. Janesville wants no gerrymander in favor of any party. She wants only such changes as will cause to accrue to her, commercial benefits. The welfare of this good town is more to her citizens than any minor considerations. She wants to pay no more taxes than are absolutely necessary, and she wants results from the money that is expended. She does not want the people's money piled on in one place while another is left bare. She wants just what every private individual wants, thrift, economy and sound business methods. A level-headed citizen would not buy a piano while the parlor was devoid of carpet.

Doubtless, in another year, Janesville will be working under a new charter. It will give the mayor and common council, but more especially the former, greater powers than they have ever possessed. This is urged against the change by many people, but the Gazette believes that the republican party in Janesville will furnish ample timber, and stock that can not only be safely trusted with increased authority, but with absolute authority if necessary. The only question is to nominate the right man. He must possess three characteristics. They are:

Honesty.
 Good judgment.
 Backbone.

Now who is the man?
 Suggestions are in order.

The constitution of the United States and the state of Wisconsin, together with the laws upon the statute books, are, always have been, and always will be ample protection to the people who dwell under their regulations. Every individual has a right to adopt such amendments as will suit his personal conscience be they lawful or unlawful. Praise or punishment will be meted to him, as the case may require, if he puts his theories into operation. But no man or men have a right to say to the voter.

"This is our theory and you must conform to it or we will make you do so."
 England tried that some years ago and her attempt resulted in making the Fourth of July a patriotic holiday. The American people will not be bulldozed by any man or class of men. Let every individual vote as he sees fit but let no man attempt to force another. The constitution provides for a free ballot for every citizen and any attempt to curtail that privilege is treason, and should be so treated.

The hearty response accorded the Imperial minstrels on their third appearance last night, for charity's sake, is very commendable and indicates that Janesville has a warm side for the worthy poor.

The sale of boxes and the sale of the gallery were donations pure and simple, prompted by a spirit of philanthropy that to say the least is refreshing.

The Gazette voices a popular sentiment in saying heartily "Thank you" to the company of musicians, who so generously donated their time and talent, as well as to the manager of the opera house and the public spirited gentlemen who contributed so largely to the success of the enterprise.

The newly elected senator from Oregon, S. W. McBride, commits himself on the money question by saying that whatever reforms may be necessary but they should proceed along the lines of the last national republican platform.

SHERIFF APPLEBY DOES SOME
CLEVER WORK.

Three Canadian Crooks Who Are Said
To Have Stolen \$815 Worth Of
Goods From a Chicago & North-
western Car Caught By a Strata-
gem After Skillful Planning.

When Sheriff Appleby goes after
crooks the thieves have to "take to
the woods."

The sheriff, by shrewd detective
work, now has James Franklin, aged
25, alias "Toronto Jimmy," Frank
Flynn, aged 50 years, alias "Dad," and
Robert Crowley, aged 50 years, a man
unknown to the police, in jail,
charged with stealing the following
bill of goods from a Northwestern car,
somewhere between here and Evans-
ville:

Six hundred yards of silk valued at.....	\$300.00
Forty suits of men's clothes valued at.....	300.00
One barrel of whisky valued at.....	50.00
One box of books valued at.....	50.00
Three boxes of towels valued at.....	25.00
One box of candy valued at.....	10.00
Total.....	\$815.00

The goods were a part of a ship-
ment that went through Janesville on
February 1. The car was consigned to
Baraboo merchants and when it ar-

tioned were found to be missing.
Railroad detectives were put at work
at they didn't learn much. Sheriff
Appleby was notified and it was soon
learned that the car was sealed when
it left Janesville and had been forced
open and the goods thrown out some-

or some time Sheriff Appleby had
known that a party of four desperate
thieves had been hanging out at
Johnson's saloon at Beloit and that
these men and confederates were
hanging, in the night time, merchant-
se to the basement of the saloon,
here the goods were repacked and
ipped. Last Friday night, after the
loos closed, two boxes containing
goods, including silks valued at not
less than \$800, were brought up in the
noon.

Found at Rockford.

The goods were shipped via the St.
Paul road from Beloit marked "glass-
ers" but the car was left at Rock-
ford. Sheriff Appleby notified the
Rockford authorities and the car was

SERIOUS CHARGE IS MADE
AGAINST P. W. MURPHY.

Frederica Klingsburg of Beloit, Says
That He Assaulted Her "With In-
tent to Kill and Murder"—Case
Has Been On Trial All Day Before
Judge Phelps.

P. W. Murphy, of Beloit, is now on
trial in the municipal court, confront-
ed with two charges, either of which
may land him in state prison for a term.

Murphy is charged first with an
"assault with intent to kill and murder,"
and second, with an "assault
with intent to do great bodily harm."
The complaining witness is Frederica
Klinsburg, of Beloit.

The assault was made on July 16,
last. It is charged in the warrant
that Murphy assaulted Mrs. Klinsburg
with a hammer, striking her on the
head and also on the breast. Just how
far the injury extended has not been
developed by the testimony. It is
claimed, however, that the trouble
was one on general principles; that
Murphy is a tenant of the the com-
plaining witness, and that the remov-
al of personal property created
trouble between the parties. District
Attorney Jackson appeared for the
state, and George B. Ingersoll and J.
G. Wickhem for the defendant. The
trial is before a jury and will not con-
clude before to-morrow.

MANY PEOPLE SUED ON AN OLD CLAIM

ELIZA J. SPAULDING WANTS
HER DOWER INTEREST.

She Is the Widow of Daniel A. Rich-
ardson and Claims That Interest In
All Property of Which He Died
Seized—H. S. Sloan Takes Action
As Her Attorney.

A large number of Janesville prop-
erty owners are greatly agitated on
account of legal proceedings com-
menced by Mrs. Eliza J. Spaulding,
widow of the late Daniel A. Richar-
dson, who claims a dower interest in
a large number of valuable parcels of
real estate, located along Main street
and in different parts of the "original
plat" of the village of Janesville as
well as in the many additions.

Some of the South Main street prop-
erty owners who have had notices
served on them are J. L. Bear, Sam-
uel Henderson, J. M. Bostwick, A. L.
Kavelage, George J. Davis, O. F. Now-
lan, I. C. Sloan, G. K. Colling, George
Davis and David Brown.

Notices have been served upon all
the parties concerned. They are the
same except for the description of the
land, which follows the first para-
graph. The form is as follows:

"You are hereby notified that Daniel
A. Richardson died on the 14th day
of February, 1870, leaving me, Eliza
J. Spaulding, (formerly Eliza J. Rich-
ardson) his widow, entitled to dower
in all the real estate of which he died
seized or had an interest in, and among
the land of which said Daniel A. Rich-
ardson died seized are the following:"

"Which said lands are now occupied
and possessed by you, and all of which
you are now enjoying the rents, issues
and profits, and in all the above de-
scribed lands I am entitled to dower,
as the widow of said Daniel A. Rich-
ardson, and I hereby demand that you
assign and deliver to me the said
dower interest in said lands, and that
you permit me to have the use and oc-
cupation of an interest in said lands
equal to the use of one third of the
same.

"You are hereby further notified
that Henry S. Sloan, an attorney at
law of the city of Janesville, Rock
county, Wisconsin, is my attorney in
fact, duly authorized by power of at-
torney to act in my name, place and
stead in the premises, and that said
Sloan will meet you at any reasonable
time or place and agree with you, if
possible, as to what lands and what
portion of said lands shall be assigned
to me by dower; and I demand one-
third of the net rents, issues and profits
of said lands from the time of this de-
mand until my recovery of possession
of interest herein demanded.

Dated February 23, 1895.

The claims of Mrs. Spaulding do not
stop in Janesville, but property is
also demanded in Monroe where she
has laid a claim to a dower interest
in the Tallman and part of the Ly-
brand addition in that city which com-
prises about 290 lots of the city's most
desirable property in the northwest
section. Papers are being drawn and
property owners will be notified to-
morrow.

Daniel Richardson died February 14,
1850, and the property was included
in his estate. Charles E. Pierce is as-
sisting Attorney Sloan and they claim
to have absolute proof.

SPRING BROOK BOOMS

Many Fear that the Bridge and Em-
bankment May Go.

There is a flood of water down at
Spring Brook, and that usually mod-
est stream is on the boom. The warm
weather has melted the heavy snow
drifts which filled the ravines and the
water flows into this little brook. The
water is now nearly up to the top of
the embankment of the Main street
extension and there is some danger
of a break in the bank. It is claimed
that all that holds the bank now is
the frost and they say that in case the
bank goes out the bridge will be
wrecked. Parties who drove over the
bank this afternoon report the water
still creeping up, and that there are
several dangerous cracks. Consider-
able damage would result in case of a
washout.

Came In Saturday.

Four cases of white and gray cot-
ton blankets which we will sell at 50
cents a pair. These will be the last
of the kind received.

5 cents a yard.

One case children's fast black, heavy
ribbed hose 10 cents a pair, or 3 pair
for 25 cents. BORT, BAILEY & CO.

Failure Of Eyesight.

The cause of the failure of sight ex-
perienced by almost everyone between
the ages of thirty and forty, is owing
to the fact that nature does not sup-
ply secretions sufficient to keep the
lenses soft and flexible, and therefore
the power of accommodation is lost,
and to get a clear vision of close ob-
jects, it is necessary to resort to spec-
tacles, which should be fitted by W.

IS CAUSED BY A CUT

THREE HUNDRED AND TWENTY
FIVE MEN ARE OUT.

Two Hundred Union Machinists Em-
ployed By Fairbanks, Morse & Co.
Were Ordered Out This Morning
and Nearly That Many Moulders
Quit Yesterday.

BELOIT, Feb. 26.—[Special]—One
hundred and twenty-five moulders em-
ployed at Fairbanks, Morse & Com-
pany's works in this city, walked out
yesterday morning, and this morning
the Machinists' union called out over
two hundred more men.

This action was caused by the an-
nouncement made late Saturday night
that if the men resumed work on
Monday they must go so at reduced
wages. As the wages were cut last
winter the men did not think it jus-
tice to be forced to accept another cut.
At present everything is quiet, but
there is an under current of excite-
ment that augurs no good, if they at-
tempt to start the works with non-
union men.

a most enjoyable time.

RUGER AVENUE PIPE DUG UP
YESTERDAY.

It Was Closed Except An Opening
Through the Whole Length, of the
Same Size As the Service Pipe
That Drew Its Supply From the
Main At Forest Park.

There is now six inches of solid ice
in the water main on Court street and
Ruger avenue, and the flow of water
east of Jackson street is thus cut off.
This condition of affairs was devel-
oped yesterday afternoon when Super-
intendent Mitchell, of the water com-
pany, dug up a section of the main.
The ice had broken the main and re-
vealed a rather curious thing inside
the pipe. This main is six inches in
diameter, extending from Jackson
street to Forest Park boule-
vard, a distance of about twenty-
eight hundred feet. The main has
a cover of five and a half feet of sand
and gravel and a very little clay. On
digging up the main it was found to
be almost solid with ice, a two-inch
opening being left about one inch
from the bottom of the main. This
opening was as round as the pipe
itself, and attracted attention on ac-
count of there being solid ice all
around it.

The explanation is that two thou-
sand feet from the point is the end of
the six-inch main. Here a two-inch
pipe is attached which supplies For-
est Park people with domestic water.
The water in the large main stands
still, as there is no general circulation
larger in diameter than the diameter
of the outlet. It has been demon-
strated that a line of two and one-half
inch pipe can be laid for one thousand
feet, with one end attached to a pump,
and a one-inch opening at the other.
Fill this pipe with crystal water, and
then pump in a colored liquid and the
colored liquid will pass through the
pipe only discoloring the crystal liquid
in a stream of the size of the outlet.

The chances are that Janesville
water consumers will use ice water
for some time to come, as it will re-
quire many weeks for the ice to melt
in the mains. Trouble is anticipated
by this ice flowing to the hydrant con-
nections and shutting off the flow of
water when it may be most needed.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages but notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord near the base of the brain and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

DR. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases not matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

WHAT BABY WILL GET THE GAZETTE'S \$500

THAT IS THE PRIZE TO BE
AWARDED JUNE 1.

The Brightest, Sweetest and Loveliest Child in the City Will Be Given Five Shares of Paid Up Stock in the Rock County Building & Loan Association.

The sweetest, brightest and loveliest baby in Janesville gets \$500 from The Gazette June 1.

Whose is that baby?

That question sounds easy.

As if there was the least doubt whose baby is the loveliest," says every proud mother looking at her own olive branch. And that's the trouble. Talk it over until Christmas you may but never expect to get a convention of mothers to agree on the baby question.

For the benefit of jealous parents, anxious aunts and uncles and proud brothers and sisters of older growth, however, the matter should be settled. And settled it is to be.

How?

Why not by vote?

That plan seems the fairest and most satisfactory—the safest too, for who would dare judge among the hundreds of dimpled darlings that grace the Bower City. A vote will decide, therefore, and all Janesville may cast their ballots. Three months from the day the polls open a \$500 block of stock in the Rock County Building Loan and Savings Association will be turned over to the infant with the strongest "drag", as politicians would put it.

Five hundred dollars.

A handsome nest egg for any infant.

Put out at interest until the little one reaches maturity and it swells to proportions even more impressive. And in building association stock with all dues paid it is in very desirable form.

The association selected is known to everybody in the city. These are the officers and directors who testify to its solidity. These are the men:

President—Samuel C. Cobb.

First Vice President—Alex. Graham.

Second Vice President—W. H. Judd.

Attorney—Charles E. Pierce.

Secretary—George L. Carrington.

Treasurer—Isaac Farnsworth.

Directors—S. C. Cobb, Alex.

These officers and directors stand behind every share of the association's stock. Five shares of this stock is now in the association's keeping subject to the Gazette's order. Polls will be open in the Gazette office March and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.
